# Product information

## Product names

- West Fraser Rimboard Grade A
- West Fraser Rimboard Grade B1
- West Fraser Rimboard Grade B2
- West Fraser Rimboard Grade C1
- West Fraser Rimboard Grade C2

## Product description

The product is an oriented strand board (OSB) that is manufactured to serve as a rim board. The product is available in five grades and three thicknesses as listed below. The factored resistances of the five grades are outlined in Table 2 of the Evaluation Requirements. The nominal depths are available to match engineered wood joist depths of up to 610 mm. Technical product support is provided by APA – The Engineered Wood Association.

## Manufacturing plants

This evaluation is limited to products produced at the following plants:

Product names	Manufacturing plants			
	Barwick, ON, CA	Grande Prairie, AB, CA	High Level, AB, CA	La Sarre, QC, CA
West Fraser Rimboard Grade A	-	-	☑	-
West Fraser Rimboard Grade B1	☑	☑	-	-
West Fraser Rimboard Grade B2	☑	☑	☑	-
West Fraser Rimboard Grade C1	☑	-	-	☑
West Fraser Rimboard Grade C2	☑	☑	-	☑

☑ Indicates that the product from this manufacturing facility has been evaluated by the CCMC

## Technical information

This evaluation is based on demonstrated conformance with the following criteria:

Criteria number	Criteria name
<a href="#"><u>ANSI/APA PRR 410-2021, Grade A</u></a>	Standard for Performance Rated Engineered Wood Rim Boards
<a href="#"><u>ANSI/APA PRR 410-2021, Grade B1</u></a>	Standard for Performance Rated Engineered Wood Rim Boards
<a href="#"><u>ANSI/APA PRR 410-2021, Grade B2</u></a>	Standard for Performance Rated Engineered Wood Rim Boards
<a href="#"><u>ANSI/APA PRR 410-2021, Grade C1</u></a>	Standard for Performance Rated Engineered Wood Rim Boards
<a href="#"><u>ANSI/APA PRR 410-2021, Grade C2</u></a>	Standard for Performance Rated Engineered Wood Rim Boards

# Administrative information

## Disclaimer

This evaluation is issued by the Canadian Construction Materials Centre (CCMC), part of the Construction Research Centre at the National Research Council of Canada (NRC). The evaluation must be read in the context of the entire [CCMC Registry of Product Assessments](#) and the legislated applicable building code in effect.

The CCMC was established in 1988 on behalf of the applicable regulator (i.e., the provinces and territories) to ensure—through assessment—conformity of alternative and acceptable solutions to regional building codes as determined by the local authority having jurisdiction (AHJ) as part of the issuance of a building permit.

It is the responsibility of the local AHJs, design professionals, and specifiers to confirm that the evaluation is current and has not been withdrawn or superseded by a later issue. Please refer to [the website](#) or contact:

### Canadian Construction Materials Centre

The NRC has evaluated the material, product, system or service described herein only for those characteristics stated herein. The information and opinions in this evaluation are directed to those who have the appropriate degree of experience to use and apply its contents (i.e., AHJs, design professionals and specifiers). This evaluation is only valid when the product is installed in strict compliance with the stated conditions and limitations of evaluation and the applicable local building code. In circumstances where no applicable local building permit is issued and that no confirmation of compliance 'for use in the intended field application' is undertaken, this evaluation is null and void in all respects. This evaluation is provided without representation, warranty, or guarantee of any kind, expressed, or implied, and the NRC provides no endorsement for any evaluated material, product, system or service described herein. The NRC accepts no responsibility whatsoever arising in any way from any and all use and reliance on the information contained in this evaluation with respect to its compliance to the referenced code(s) and standard(s). The NRC is not undertaking to render professional or other services on behalf of any person or entity nor to perform any duty owed by any person or entity to another person or entity.

## CCMC recognition

The Canadian Construction Materials Centre (CCMC) assesses compliance with Canadian building, energy and safety codes. We are the only construction code compliance service supported and operated by the Government of Canada. Trusted by over 6,000 regulators across Canada.

Most Canadian authorities having jurisdiction (AHJs) consider CCMC product assessments acceptable as evidence for product approval.

### CCMC assessments are recognized by construction authorities across Canada:

Alliance of Canadian Building Official Associations (ACBOA)

(Alliance of Canadian Building Official Associations (ACBOA))

First Nations National Building Officers Association (FNNBOA)

(First Nations National Building Officers Association (FNNBOA))

Canadian Home Builders' Association (CHBA)

(Canadian Home Builders' Association (CHBA))

Alberta Building Officials Association (ABOA)

(Alberta Building Officials Associations (ABOA))

Saskatchewan Building Officials Association (SBOA)

(Saskatchewan Building Officials Association (SBOA))

Manitoba Building Officials Association (MBOA)

(Manitoba Building Officials Association (MBOA))

Ontario Building Officials Association (OBOA)

(Ontario Building Officials Association (OBOA))

New Brunswick Building Officials Association (NBBOA)

(New Brunswick Building Officials Association (NBBOA))

Nova Scotia Building Officials Association (NSBOA)

(Nova Scotia Building Officials Association (NSBOA))

The CCMC provides code compliance assessments to Canadian code requirements, consulting nationwide with construction regulators to elicit regional variations in code requirements as well as provincial and local interpretations. Users are advised to review the technical information presented in CCMC assessments when making approval decisions. [Learn more about how the CCMC provides a unique service for Canada.](#)
